SOHO Sit-Stand Desk

With a width of only 1050mm and a depth of 300mm, SOHO Sit-Stand is no bigger than a shoe cabinet or a large suitcase. The unique design will guarantee that SOHO Sit-Stand blends seamlessly into any living room.

The transformation from an anonymous cabinet into a fully functional workstation can be done quickly and easily by opening the doors and folding up the worktop. The worktop also contains the controls for height adjustment. The handy storage tray in the cabinet provides space for work related materials such as a laptop, mouse, binder or work folder.

Desk is 800mm deep when in use

SOHO Folding Desk

The desk that folds completely flat for easy storage. The side panel legs and top are engineered to fold inwards in just three easy steps, creating a single flat panel.

The panel-end sides and top are available in one of six finishes.

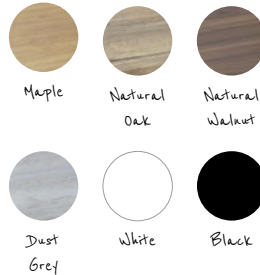

Modesty panel suits use facing into a room and ensures stability.

Folds quickly and easily for storage, plus adjustable feet for levelling.

Desk folds conveniently down for fast and simple storage

Home Office Heater

View heater panel video

Image shows ARCHEAT

Secure to a desk, wall or use the optional stand

Heater Panel

If you're looking for a heating solution for your home office, our heater panel is the answer.

Our low cost, low energy heater uses the power of infrared heat technology to keep you warm and cosy – but, at the fraction of the cost of switching on your central heating. Providing heat exactly where it is needed.

With most houses on a central heating system, the boiler has to run the same regardless of whether it is heating one room or the whole house.

A three bedroom house with a 24 kW gas boiler will use 24 kWh of energy per hour at approximately 3.8 pence per kWh, which means it would cost around £0.91/hr to heat the 'home office' room. For a larger house with a 35 kW gas boiler, the running cost would be £1.33/hr.

If the property is off-gas and uses oil, LPG or electric heating then the cost per hour will be significantly more, as will be the case if the property has a larger boiler.

Make savings of up to **£35.50** per week!

Fan Heater (2kW)	Heater Panel	Central Heating (3 bed house)
£0.28	£0.01	£1.33
Running costs/hour	Running costs/hour	Running costs/hour
<ul style="list-style-type: none"> High running cost Background noise Health & safety issue 	<ul style="list-style-type: none"> Very cheap to run Completely silent Safe & efficient 	<ul style="list-style-type: none"> Boiler runs for just one room Large heating bill Very inefficient

Just look at the savings to be made. The heater panel pays for itself within 6 weeks!

Comfort

If you like the gentle warmth of the sun, you'll love the cosy feeling you get from a home office infrared heater.

Silent

Our home office infrared heaters are completely silent, so you don't have to compromise on a good working environment.

Efficiency

The home office heater panel offers the perfect way to keep warm without the need for switching on your primary heating system.

Installation

Easy installation to the underside of your desk or on the modesty panel with just four screws.

Quality

Manufactured in Austria from the highest quality components, the heater panel has a 20yrs+ service life and is maintenance free.

Optional stand for the heater panel

Bento box

Inspired by the Japanese lunch box, the Addit Bento® ergonomic toolbox neatly stores your personal items inside.

It also ergonomically supports your favourite devices or documents – whether you are working at your desk from the office or from home. Designed by Robert Bronwasser.

Bento desk set

Everyone can now enjoy a neat desk and healthy posture: the Addit Bento® ergonomic desk set is a full package of products that are made for each other.

This set turns a nice desk into an ergonomic workstation that's comfortable and practical.

Bento desk set comes with a monitor riser

Store your personal items inside

Flip the lid up to turn the Bento box into a document holder or laptop stand

Viewmate monitor arm

This monitor arm lets you move your monitor up or down using just your fingertips, which makes it a breeze for anyone to set it to a comfortable position. It's also maintenance-free and suitable for almost every monitor. An ergonomic design that is robust, cost-effective and easy to use.

- ▶ Fitted with an extremely durable steel extension spring
- ▶ Dynamic height adjustment range of 340 mm (13,4")
- ▶ Independent depth adjustment
- ▶ Integrated cable management
- ▶ Main components made of steel
- ▶ VESA MIS-D 75 x 75/100 x 100 mm compatible
- ▶ Monitor tilt +90°/-90°, swivel 360°, rotate 360°
- ▶ Arm swivel 360°
- ▶ Arm's swivel limiter pre-set to +90°/-90° (can be disabled)
- ▶ Weight capacity min. 2 kg - max. 8 kg (4,4 - 17,6 lb) per monitor
- ▶ Monitor size limit height 1000 mm (39,4")

Viewgo Monitor Arms

Comfort and space. Two things these great looking Viewgo monitor arms give you big time. Freeing up valuable room on your desktop and letting you position your monitor the way you know you can work most effectively.

Slender yet strong, these monitor arms all have that winning Viewgo formula: playful design, tough steel construction. High quality, value-for-money solutions that leave you sitting pretty in more ways than one.

- ▶ Static height adjustment range of 210 mm (8,3")
- ▶ Independent depth adjustment
- ▶ Main components made of steel
- ▶ VESA MIS-D 75 x 75/100 x 100 mm compatible
- ▶ Monitor tilt +90°/-50°, swivel +90°/-90°, rotate 360°
- ▶ Arm swivel 360°
- ▶ Weight capacity max 8 kg (17,6 lb) per monitor (4 kg per monitor on double monitor arm)
