Covid-19 Rapid Test Kits

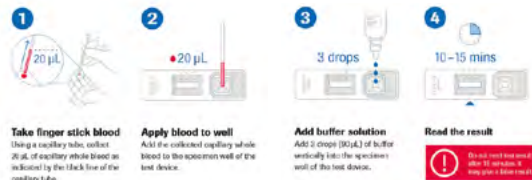

Roche SARS-CoV-2 Rapid Antibody Test

The SARS-CoV-2 Rapid Antibody Test is intended for use as an aid in identifying individuals with an adaptive immune response to SARS CoV 2, indicating prior infection of the virus that causes COVID-19.

Similar to several routinely used laboratory assays, this test detects antibodies that an individual has produced in response to exposure to the virus by providing a qualitative result for the presence of immunoglobulin G and/or immunoglobulin M antibodies.

The test can be performed on a small volume of capillary blood from the fingertip or on a venous blood sample. This is equivalent to about one or two drops of blood.

- ✓ Three simple steps, and the result will be ready
- ✓ Results within 10 - 15 Mins
- ✓ Quick and easy to read result
- ✓ Result shows the presence of IgG and /or IgM antibodies
- ✓ Excellent performance, sensitivity 99.03% and specificity 98.65%

* Single is 1 box of 40 tests
† Bulk is 10 boxes of 40 tests

✓ In stock

Roche SARS-CoV-2 Rapid Antigen Test

The SARS-CoV-2 Rapid Antigen Test enables fast decision making e.g. whether patients need to be put in quarantine, reducing the risk of further spreading.

In addition to that it allows for screening of individuals after confirmed exposure to a SARS-CoV-2 infected person or individuals at risk of exposure such as healthcare workers.

- ✓ Getting a quick result within 15-30 minutes
- ✓ Easy handling which does not require specific training
- ✓ Allowing decentralised testing or access to testing in areas where laboratory testing is not available

* Single is 1 box of 25 tests
† Bulk is 10 boxes of 25 tests

✓ In stock

Covid-19 Testing Station

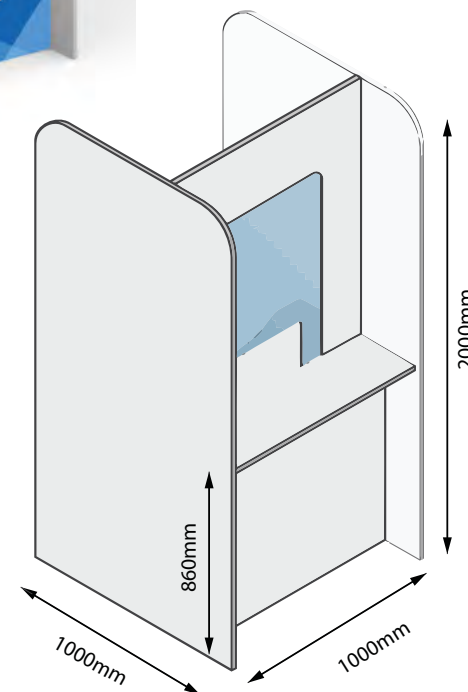

This solid, simple and affordable Covid-19 testing station is made from 10mm foamex, a solid high-density foam material.

The station features a sturdy clear acrylic screen, which has an opening at the bottom to allow testing kits to be passed through. The station is also quick and easy to assemble, and all the surfaces are smooth, allowing operatives to clean them quickly and easily.

You can have any number of finishes, from the plain white to your corporate colours. Add your branding to the sides and front, alongside other supporting messages.

Please note that the hand sanitising unit, bin and mirror do not come supplied with the station, unless requested, at an additional cost.
